

Dear Camas Valley Family,

I know that this current situation is hard, not only our kids, but parents and families too. I know all of us here at school are missing the students more than I can say. The hallways are empty of kids and pretty quiet, which is strange. I wanted to share a few things to keep you updated.

1. Today (April 8th), the Governor canceled on-campus school for the rest of the school year, so of course, we will be doing distant learning until June. Our teachers are working very hard to make this a productive time and to help educate them the best we can in this current situation.
2. Monday, April 13th, will be the day we start grading work. Please help your children as much as you can in the process.
3. School office hours will be Monday, Tuesday, Wednesday, 9 am-1 pm if you need anything.
4. All teachers should have Canvas set up and ready to go for Monday by this weekend, if you are having any issues, please contact the school Monday morning.
5. We will still be providing breakfast and lunch Mon.-Thur.
6. To all my families, if you are having trouble with food or even gas money, please contact me at don.wonsley@camasvalley.k12.or.us

We will at some point and hopefully soon get back to normal, in the meantime, please take care of one another.

With care and concern,

Mr. Wonsley
